Art Trail

Local and visiting artists have adorned blank walls and spaces with sculptures, mosaics and murals to etch their mark on our community. The trail continues to evolve and expand as more art pops up, so check in with the Shire for the most up to date list, including sculptures by Arcadia Farm Art, mosaics by Fleur Schell and murals by Cherie Broadhurst.

Wander Wall

Located on Railway Terrace, the Wander Wall is a community art project coordinated and installed by renowned ceramicist and local, Fleur Schell. The artwork draws inspiration from the C.Y. O'Connor pipeline and inanimate rural objects and includes ceramic tiles created by community members depicts their life and connection to Goomalling.

Crystal Serpent Sculpture

Located in the Oak Park reserve area of the Walyormouring locality. As part of the Salt of the Earth community art project, the Goomalling schools and interested residents joined together to create a "crystal serpent", which looks striking when flooded.
